

Milk replacer for lambs

For a great start in life.

Lamb-O

An all milk protein milk replacer specifically designed for optimum growth and development of lambs being raised for herd replacements or meat.

This unique blend of milk proteins and energy sources provides excellent mixability and all the nutrients required to get your lambs well started. Equally suited for use in automatic lamb feeders, acidified feeding programs or hand mixing.

★ **Easy to Prepare**

★ **Quick mix**

Sodium (actual) 0.60%

Milk replacer for lambs

Lamb-O

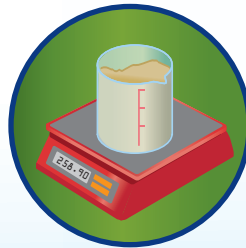

Feeding preparation

Always use potable water and clean equipment

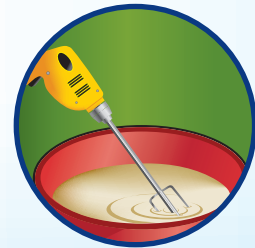

1

Measure the proper amount of water. Temperature 50 to 60° C

2

Carefully weigh the Lamb-O milk replacer

3

Mix for 2 minutes and feed at 42° C

FEEDING PROGRAM

Age in days | Amount to feed | Number of feedings

Age in days	Amount to feed	Number of feedings
1-2	colostrum	free choice
3-6	300ml	3.0
7-14	500ml	3.0
15-21	600ml	2.0
22-42	700ml	2.0
43-50	500ml	2.0
50+	500ml	1.0

To complete this feeding program, clean, fresh water along with a good quality lamb creep should be available to the lamb starting at 5 days of age. Water and lamb creep should be refreshed daily.

**MIX 180 G OF Lamb-O
WITH 820 G OF WATER.**
