

Milk replacer for kid goats

For a great start in life.

Kid-O

An all milk protein milk replacer designed for optimum growth and development of kid goats as herd replacements or meat production.

This unique blend of milk proteins and energy sources provides excellent mixability combined with a variety of energy sources to provide all the nutrients required to get your young goats off to a great start in life. Equally suited for use in automatic kid feeders, acidified feeding programs or hand mixing.

★ **Easy to Prepare**

★ **Quick mix**

Milk replacer for kid goats

Kid-O

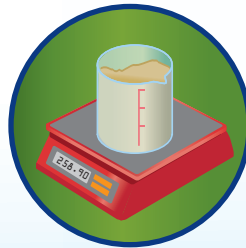

Feeding preparation

Always use potable water and clean equipment

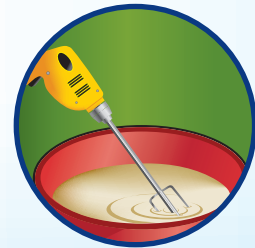

1

Measure the proper amount of water. Temperature 50 to 60° C

2

Carefully weigh the Kid-O milk replacer

3

Mix for 2 minutes and feed at 42° C

FEEDING PROGRAM

Age in days | Amount to feed | Number of feedings

Age in days	Amount to feed	Number of feedings
1-2	colostrum	free choice
3-6	300ml	3.0
7-14	500ml	3.0
15-42	800ml	2.0
43 till weaning	500ml	1.0

MIX 150 G OF *Kid-O*
WITH 850 G OF WATER.

To complete this feeding program, clean, fresh water along with a good quality kid creep should be available to the kid starting at 5 days of age. Water and kid creep should be refreshed daily.
